

Visit by Rajnish Jain

On 14th October 2016, the girls of Him Jyoti School had a small session with Mr. Rajnish Jain. He is an environmentalist who is working upon ways to generate electricity from pine needles. Mr. Rajnish told the students how people are migrating to cities from villages in search of employment opportunities. He told them through this vision of his he want to generate employment in villages so no one have need to migrate.

Later two students namely Ganga of class XI and Akansha Ginwal of class X presented a power point presentation on 'Life on Land', which is a part of their tGelf programme. His session was inspiring and interactive.
