

### Visit to Himalayan Drug Company

On the kind invitation of Dr S Farooq, Member of the Governing Body HSS, the girls of class X, along with the Principal, Ms Kavita Singh and their class teacher, Ms Shailesh Kandwal visited the Himalayan Drugs Company on 8<sup>th</sup> September 2016. They were given a guided tour by Mr Jahangir who showed them a video, on the origin of the company and its products. Dr S Farooq, Chairman, Himalyan Drugs Company, briefed them about the medicinal uses of different types of plants and trees. The students also enjoyed a trip to the herbal garden and the museum, in which they saw a collection of shells, snake-skins and leopard skins, old paintings of medicinal plants etc. Dr S Farooq happily answered all the queries of the students. He made the interactive session more interesting by reciting couplets highlighting his point of view. The students were treated to a sumptuous meal, thereafter. The whole session was indeed, exciting and informative.
